

### Fire Chief Group Seeks Bi-Lingual Volunteers

(Continued from Page 1)  
Deputy fire chief Robert Lucas has been acting chief since that time. He was formally named acting chief two weeks ago.

IN OTHER action last night, the council:

- Waived requirements for dedication of street right-of-way and for the installation of curbs and gutters in connection with the expansion of U.S. Steel's Torrance Works. The waivers were the subject of a special meeting of the city's Planning Commission Monday night.
- Voted not to proceed with the fall cutting under the city's weed abatement program, but ordered plans prepared for the 1967 program so that initial cuttings may begin in April and May.
- Approved an agreement with the State Department of Finance for a special census in the city. The census will begin March 2.
- Established a "no parking" zone on both sides of Anza Avenue between Torrance and Del Amo boulevards for each Wednesday between 10 a.m. and noon. During that time, street sweepers will clean both sides of Anza Avenue.

### Funds for New School Site Voted

Purchase of nearly six acres of land for a new school site in the Southeast section of Torrance was authorized by the Board of Education Monday.

The board will pay \$380,000 for 5.92 acres of land located on Arlington Avenue between 231st and 233rd streets. Ultimately, nearly nine acres of land will be purchased in the area for the school.

The board voted to accept an offer from Sunnylen Construction Co., Inc., of Torrance and purchase the land without an appraisal.

Court costs and appraisal fees would probably eat up any savings if an appraisal were made, trustees were told.

Dr. Louis Kaplan, assistant superintendent of schools for special services, said the school site is needed to meet future enrollment in the area.

### Man Hurt As Auto Hits Train

A 29-year-old Los Angeles man, injured early Monday when his car collided with a slow-moving train in Torrance, is reported in good condition at Little Company of Mary Hospital.

Harold C. Oates, of 5619 W. Jefferson Blvd., was taken to the hospital about 12:15 a.m. Monday. His car collided with a train on Alaska Avenue near Columbia Street.

Torrance police said O. J. Paquet, 50, the engineer, was moving his train in an easterly direction.

Howard Wood and Adams Schools will be unable to meet those demands and there is no more room for new classrooms at the two schools, he said.

### Carson Youth To Appear in Superior Court

An 18-year-old Carson youth arrested by Torrance police Feb. 10 on suspicion of burglary has been bound over to Superior Court on the charge following a preliminary hearing in South Bay Municipal Court.

Lester Gerald DeVore II, of 1341 W. Carson St., was ordered Friday to appear in Department A of the Southwest Superior Court Monday, March 6, for arraignment on the charge.

He remains in custody pending the arraignment.

The three trustees present, Mrs. Kenneth E. Watts, Dr. Kurt T. Shery, and William J. Hanson, were unanimous in the decision to buy the property.
